Brandon Baker was born and raised in the farming area of south-central Pennsylvania. This provided many hunting opportunities for him to sharpen his skills on whitetails, longbeards, and just about everything else the area had to offer. Fascinated as a boy by the compound bow after watching an episode of The Dukes of Hazard, Brandon chose to pick up his father's bow that was in the shed and he has never put it down. Years of bowhunting and competitive shooting resulted in numerous awards and game trophies for the man cave.

Brandon has served in church and camp ministries for over 20 years. Brandon is also the founder of an outdoors ministry called Take A Stand Outdoors. He is a sought after speaker for sportsmen's events, men's retreats, father/son weekends, etc. Take A Stand Outdoors focuses on challenging men to be the man God chose them to be, and to spiritually lead their families well.

Brandon served as a member of the United States Army in Military Intelligence for 8 years, including a tour in Iraq.

Brandon and his wife Rachel have been married 15 years and they currently have four children, Kiva (son 12), Kendyn (daughter 10), Kyron (son 4), and Kopper (newborn daughter).
